WIN MIN THANT

I started my Computer Science studies at Yadanabon University in 2019, but I had to put my education on hold due to the current political situation. Currently, I am continuing my studies in Computer Science at the University of the People.

I am also working in mobile phone repair services, specializing in Android software troubleshooting and hardware repairs. Alongside my job, I am actively learning and developing my skills in web development, focusing on full-stack technologies, UI/UX design.

EDUCATION

2019

Bachelor's degree in Computer Science

Present (On Hold)

Yadanabon University

I'm a first-year computer science student at Mandalay Yadanabon University since 2019. I've decided to put a hold on my education due to the current political situation.

2024

Current

Bachelor's degree in Computer Science University Of The People

I'm currently studying computer science at the University of the People.
